SFP and GBIC Transceiver Products

Offer compatibility with a variety of manufacturer's network systems and technologies

Comm Source Data, Inc. offers a complete line of SFP and GBIC transceiver products that are compatible with most switching, storage and server applications.

At Comm Source, we are well known for our commitment to providing quality products at competitive prices, and we are pleased to extend this philosophy to our active product lines.

Our global product sourcing and manufacturing capabilities allow us to offer a full line of SFP and GBIC products that support a variety of transmission speeds and distances and that complement our extensive offering of structured cabling and network connectivity solutions. All SFP and GBIC products are covered by a 3-year warranty.

Partner with Comm Source Data for all your optical connectivity requirements!
